CBSE Board (Class – XII), 79%

SKILLS

Frontend	Html, Css, Bootstrap, Javascript, React Js, React Native
Backend & Programming Language	Node Js, Express Js, Jwt Authentication
Database	Mongodb
Tools & Platform	Vs Code, Vercel, Render, Railway
Other Skills	Ms Office, Adobe Photoshop, Canva

EXPERIENCE

Fresher

PROJECTS

Hill View Escape – Hotel Website with Booking Feature **Github** **Live**
Developed and deployed a full-stack hotel booking website with live room reservation functionality. Integrated email automation to send instant booking confirmations to users. Built using React for the frontend, Node.js/MongoDB for backend APIs, and hosted on Vercel, Render & Railway for seamless deployment.

My Personal Portfolio Website **Github** **Live**
Designed and deployed a personal portfolio website using React, styled with HTML and CSS, and enhanced with an interactive Three.js animated background. The website showcases skills, contact information, and provides access to my CV in PDF format with print and download functionality. It also includes a fully functional contact form powered by Node.js and Express, with MongoDB used to store submitted data. The site is fully responsive across devices and delivers a smooth, engaging user experience.

Food Recipe App using React Native **Github** **Live**
Developed a frontend-only food recipe mobile application using React Native, featuring 7 screens with clean UI and smooth navigation for browsing and viewing recipes. No backend integration included.

Here are my some Sample designs using Adobe Photoshop. **Link**

SOFT SKILLS

- Problem Solving & Analytical Thinking
- Communication Skill
- Leadership & Mentorship
- Team Collaboration
- Adaptability & Quick Learning
